

### Ortronics

## EZ Patch<sup>TM</sup> Box, 28AWG Reduced Diameter CAT6 7ft, White, Qty 80

Part No. EZRD607Q80-09

The EZ Patch solution is a revolutionary way to dispense and manage patch cords, reducing installation time and waste. There are no bags to open, tie wraps to undo or straightening necessary; the cords dispense one after another, ready to install. With EZ Patch, staging areas are clean, neat and completely organized. EZ Patch uses an innovative clip to connect patch cords together, allowing cords to be distributed over an internal cardboard reel and fed through the front box opening. The corrugated cardboard box and internal dispensing reel are made from 100% recyclable materials, and the clip is made from 25% regrind plastic. Each of these components is fully recyclable after use, making the EZ Patch solution a contributor towards LEED certification.

### Features & Benefits

and installation time

Provides a more orderly staging approach: Eliminates errors and tangles from traditional staging.

Snagless plug design: Protects plugs when pulling through Premium conductor cordage: Reliable performance and pathways or cable managers.

Each cord is factory tested: Ensures every cord shipped meets Category 6 and 6A channel specifications.

Dispenses patch cords quickly and easily: Reduces staging Eliminates trash from opening bags: A green, friendly approach to packaging patch cords.

> Reduced diameter mini patch cord: takes up less cable management space and leaves mores space for airflow.

> durable cord life.
