## 4 legrand ${ }^{\circ}$

## Features \& Benefits

Data communications wire provides communications

## Wattstopper <br> DLM segment network wire 1ft M PL-9008-17-WS <br> Part No. LM-MSTP

This type of wire connects low voltage devices li.e., switches, occupancy sensors, photocells) to panels. It is \#20 AWG wire that meets UL and NEC standards for Class 2 applications. Plenum rated wire meets plenum and riser requirements. Several types of multiconductor low voltage wires are available for standard, pilot, locator, and multilevel switching or for connecting photocells to the LI control panels. This wire can also be used to wire relays remotely
between panels and signaling devices

Distance markings in foot increments

Color-coded for streamlined installation

Custom cut to specified lengths

Low voltage component wire connects switches, sensors, and other low voltage devices to panels

## Specifications

General Info

| Product Line | Wattstopper | Color | Green |
| :--- | :--- | :--- | :--- |
| UPC Number | 754182928194 | Country Of Origin | United States |

## Additional Information

Product Environmental Profile Yes
