

Wattstopper
Digital Switch, 2-button winfrared, Red
Part No. LMSW-102-R

LMSW-100 Series Wall Switches are low voltage devices for energy-saving manual on/off control of one or more loads from one or more locations. They are part of a Digital Lighting Management (DLM) system and can control any load(s) connected to DLM room controllers.

Features & Benefits

Hidden configuration button for easy access to Push n' Learn

Infrared (IR) transceiver for wireless configuration and control

Each button can control individual or multiple loads, or one scene; LED indicates status

Six color options and custom engraving options; standard buttons may be replaced in the field

Digital Lighting Management components plug together on a free-topology Category 5e DLM local network

Sleek single gang devices fit decorator wall plates; 1-, 2-, 3-, 4-, and 8-button models

Switches may be used for multi-way control

Specifications

General Info

Product Line	Wattstopper	Color	Red
UPC Number	754182933105	Country Of Origin	China
Number of Switches	2		

Dimensions

Product Width US	2.0 in	Product Weight US	0.24 lb
Product Volume US	22.52 cu in	Product Depth US	2.24 in
Product Height US	4.49 in		

Additional Information

RoHS Conformant	Yes	DesignLights Consortium Qualified System	Yes
