

# Ortronics

# SNAP PRE-TERM, CAT6, 6 CABLE PLENUM, 20', BLUE, SPIRAL WRAP ASSEMBLY, STAGGER RIGHT PULLING SOCK

Part No. PCH2P6B0602036

Clarity SNAP<sup>TM</sup> Terminated Copper Cabling System offers the above-the-standards performance of Clarity® connectivity in a custom terminated cable assembly system that's ready to plug and go. Its innovative modular design combines high performance and installer friendly features with the quick deployment and reliability of a factory terminated and tested cabling system.

Each Clarity SNAP cable assembly includes an identification label, which includes part number, performance level and serialized quality assurance number for future traceability.

### Features & Benefits

Totally modular cabling system: Dramatically faster deployment of horizontal cabling and port replication

Factory-installed and tested terminations: Assembled in a controlled factory environment for consistent performance to elevated requirements confirmed by factory testing. Factory tested terminations reduce the time and cost of field testing

Reduced size of cable ends: Easier cable pulling and directing through pathways and racks

Clarity® 6A/10G, 6 and 5E performance: Premium performance you've come to rely on from Clarity connectivity, now in a terminated solution

Factory supplied identification: Each cable assembly includes part number and unique identifiers for traceability Variety of options: Solutions tailored to your specific needs and association to its factory test report

Increased flexibility for MACs: Reduces total cost of ownership and allows re-use in the future (also reducing waste)
