

Ortronics SNAP C6A,6 CABLE RISER BUNDLE IN MESH SL Part No. PCHXR6M0608041

Clarity SNAP™ Terminated Copper Cabling System offers the above-the-standards performance of Clarity® connectivity in a custom terminated cable assembly system that's ready to plug and go. Its innovative modular design combines high performance and installer friendly features with the quick deployment and reliability of a factory terminated and tested cabling system.

Features & Benefits

Totally modular cabling system: Dramatically faster deployment of horizontal cabling and port replication		Factory-installed and tested terminations: Assembled in a controlled factory environment for consistent performance to elevated requirements confirmed by factory testing. Factory tested terminations reduce the time and cost of field testing	
Reduced size of cable ends: Easier cable pulling and directing through pathways and racks		Clarity® 6A/10G, 6 and 5E performance: Premium performance you've come to rely on from Clarity connectivity, now in a terminated solution	
Factory supplied identification: Each cable assembly includes part number and unique identifiers for traceability and association to its factory test report		Variety of options: Solutions tailored to your specific needs	
Increased flexibility for MACs: Reduces total cost of ownership and allows re-use in the future (also reducing waste)
