

radiant Collection radiant® LED Advanced 150W Single Pole 3-Way Dimmer, Light Almond Part No. RHL153PLA

Upgrade your space with Legrand's newest LED dimmer switch in the radiant® Collection. Designed specifically for flicker-free control of today's dimmable LED light bulbs and fixtures, this dimmer features advanced circuitry to offer a superior lighting control experience that works right out of the box. The dimmer switch boasts a variety of user adjustments to adapt to a wide range of dimmable LED lights, eliminating unpleasant flickering, popons and more. As a part of the radiant® Collection, the advanced dimmer for LED lights also features clean lines and smooth control for a sophisticated touch. Pair with a screwless radiant® Wall Plate and other designer switches and outlets from the Collection for a cohesive design throughout the home. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

*Not intended for use with 0-10V, Magnetic Low Voltage and Electronic Low Voltage Drivers.

Features & Benefits

Specifically designed for use with dimmable LED bulbs and fixtures up to Advanced dimming technology maximizes LED 150W at 120VAC. Optimized to work out of the box and provide flicker-free compatibility to provide a full range of control control of LEDs. *Not intended for use with 0-10V, Magnetic Low Voltage and while helping to eliminate most common LED Electronic Low Voltage Drivers. dimming issues. Simple high-and-low end dimming limit adjustability with easy-to-push Optional LED Burst Mode setting can be calibration button to meet all lighting preferences and eliminate LED activated as needed to help eliminate or reduce LED turn on delays and pop-ons. flickering. Replaces any basic single-pole or 3-way switch or dimmer in less than 15 Back-wire screw and pressure plate minutes. No neutral wire required, works in both new construction and terminations for easy and reliable wiring with retrofit applications. ground wire lead and wire nut provided. Low-profile paddle switch offers smoother QR code provided on front face of device to provide easy access to installation on/off preset control, while separate, guides and videos. ergonomic slider allows for precise adjustment of light levels. Constant memory feature returns light levels Constant memory feature returns light levels and user adjustments to return and user adjustments to return to previous to previous settings following a power failure or outage. settings following a power failure or outage.

Specifications

General Info					
Product Line	Pass & Seymour	Replaced by Part Number			
Color	Light Almond	Finish	Glossy		
Country Of Origin	China	Construction	Thermoplastic, Cold-rolled Steel		

Switch Type	Paddle, Slider	Package Quantity	1
Application Sector	Hospitality, Residential/Commercial	Standard	RoHS, CSA, cULus, NEMA (SSL-7A, WD1 & WD6)
Warranty Type	1-Year Limited Warranty	Туре	Decorator, Dimmer, Switch
Dimensions			
Product Width US	1.74 in	Product Weight US	0.194 lb
Product Depth US	1.46 in	Product Height US	4.19 in
Listing Agencies	/ 3rd Party Agencies		
CSA Listed	Yes	cULus ListingNumber	E95219
:ULus Listed	Yes	CSA File Number	C22.2 No. 184.1-96
Additional Inform	ation		
RoHS Conformant	Yes	Product Has Potential to Contribute to LEED	Yes
Fechnical Information	ation		
Compatibility	CFL, INC, LED	Electrical Rating	120V 150W (CFL), 120V 150W (LED)
Actuator	Paddle	Connection	Back-wire screw & pressure plates
Amperage	1.25 A	Bulb Compatibility	CFL, Incandescent, LED
Number of Poles	Single Pole 3-Way	Indoor/Outdoor	Indoor

Voltage

120.0 V

0 to 90% (relative humidity, noncondensing)
