

All P&S weatherproof covers are built tough to endure the harshest weather conditions. This model includes a vertical self-closing flip lid that prevents contaminants from entering the device. Complete with stainless steel screws, it is completely corrosion resistant. Multiple gaskets are provided to ensure a tight seal and easy installation. The molded label area allows you to appropriately label the outlet for quick identification.

### Features & Benefits

- Heavy-duty LEXAN: polycarbonate material withstands abuse in adverse environments.
- Weatherproof design ensures the device will be protected against moisture, dust, dirt, and debris.
- Corrosion-resistant stainless-steel mounting screws.
- Listed for use in wet locations with the cover closed or in damp locations.
- Self closing, tamper-proof hinge features permanent, locked-in pins for added security.
- Cover fits all competitive inlets and outlets.
