

The On-Q DIN Rail bracket is a "top hat" DIN Rail supporting IEC/EN 60715 standard with 35mm width and 7.5mm height. The On-Q DIN Rail is capable of mounting directly into the On-Q low-voltage Plastic Enclosure family of products. The 6 inch, half width design allows for more versatility within the enclosure. The On-Q DIN Rail pairs well with the Nuvo P600 DIN Rail Players to create an enclosure-mounted whole home distributed audio system. Please refer to the NV-PDINKIT for additional components to complete this distributed audio solution.

Features & Benefits

| | |
|--|--|
| Tool-free mounting in vertical or horizontal configurations | Top Hat design supporting IEC/EC 60715 standard with 35mm width and 7.5mm height |
| Half Width design provides greater mounting flexibility when building enclosure configurations | One DIN Rail supports the mounting of up to 3 Nuvo P600 Players |

Specifications

General Info

| | | | |
|---------------------|---|--------------------|------------------|
| Product Line | On-Q | Color | Nickel |
| Hazardous Materials | No | UPC Number | 804428434535 |
| Country Of Origin | Taiwan, Province Of China | Application Sector | Residential |
| Standard | RoHS (Restriction of Hazardous Substances Directive 2002/95/EC) | Type | Mounting Bracket |

Technical Information

| | | | |
|----------|----------|--------------------------|--|
| Mounting | DIN Rail | Environmental Conditions | 0 to 90% (relative humidity, non-condensing) |
