

Legrand keyed LC fiber adapter panels are available in configurations that are keyed on the front only or on both sides. The adapter panels are designed to fit Legrand Infinium HD rack mount enclosures. Up to thirteen key colors of connectors are possible with unique physical keying configurations.

Features & Benefits

- Unique Key and Color Options: Up to thirteen unique keying options/colors for a wide range of network security systems, easy identification and network management.
- Various Footprint Options: Keyed workstation adapter modules are available for TracJack® and High Density Jack (HDJ) style Face plates and surface mount boxes for complete system design flexibility.
- Keyed front or Rear: Keyed LC adapters have the option to be keyed in the front only (user's side) or on both sides (user's and technician's) depending on the security requirements. Internal keying feature prevents tampering
- Compatibility: All Legrand keyed LC fiber products are engineered to be compatible with other Legrand products to provide an end to end, data center to desktop solution.

Specifications

General Info			
Product Line	Ortronics	UPC Number	662875030379
Country Of Origin	Mexico	Standard	RoHS compliant. Meets or exceeds TIA/EIA-568-C.3 requirements
Type	Fiber Adapter Panel		
Dimensions			
Product Width US	4.19 in	Product Depth US	0.66 in
Product Height US	1.24 in		
Technical Information			
Compatibility	HDFP, Infinium	Number of Fibers	16 Fibers
Adapter Rear	Non-Keyed	Adapter Front	Keyed
Form Factor	LC Duplex	Operating Temperature	-40°-75°C
Durability	Less than 0.2dB typical change, 500 matings
