TechChoice® fiber keystone jacks and modules The keystone footprint allows for the greatest flexibility in installation scheduling because its rear insertion into the faceplate allows the technician to complete the termination before, during and after the construction process. TechChoice modules are available in LC, SC, ST and FC, styles in order to suit any installation requirement.

## Features & Benefits

| | |
|---|---|
| Rear Load: Easy Installation | Snap-in module: Simple, secure installation Modular design. Flexibility in structured cabling system design |
| No special tools required: Reduced installation expense | Fully compatible with all TechChoice faceplates: Provides wide range of design possibilities |
