

Wattstopper  
DLM Pre-Eng Wall Switch, 8-Button, Four ON w/Arrows, Four OFF w/Arrows, White  
Part No. LMSW-108-W-ENG3

LMSW-100 Series Digital Wall Switches are low voltage devices for energy-saving manual on/off control of one or more loads from one or more locations. They are part of a Digital Lighting Management (DLM) system and can control any load(s) connected to DLM room controllers.

Features & Benefits

8-Button Wall Switch	LMSW-100 Series Digital Wall Switches are low voltage devices for energy-saving manual on/ off control of one or more loads from one or more locations. They are part of a Digital Lighting Management (DLM) system and can control any load(s) connected to DLM room controllers.		
Low voltage pushbutton switches for control of multiple loads	Each button can control individual or multiple loads, or one scene		
Plug to other components using Cat 5e cable and RJ45 connectors eliminating wiring errors	Customizable buttons with LED status indicators		
IR transceiver for wireless configuration and remote control	Plug n' Go automatic configuration and Push n' Learn for personalization		

Specifications

General Info

Product Line	Wattstopper	Color	White
UPC Number	754182945436	Country Of Origin	China
Features	Pre-Engraved	Number of Switches	8
Application Sector	Commercial	Standard	UL
Type	Combination		

Additional Information

RoHS Comformant	Yes	DesignLights Consortium Qualified System	Yes
-----------------	-----	--	-----

Security	Yes		
Technical Information			
Number of Buttons	8	Amperage	5 mA
Indoor/Outdoor	Indoor
