

## Wattstopper Digital Switch, 8-button w/infrared, White

Part No. LMSW-108-W

LMSW-100 Series Wall Switches are low voltage devices for energy-saving manual on/off control of one or more loads from one or more locations. They are part of a Digital Lighting Management (DLM) system and can control any load(s) connected to DLM room controllers.

## Features & Benefits

Low voltage pushbutton switches for control of multiple loads

Plug to other components using Cat 5e cables with RJ45 connectors eliminating wiring errors

IR transceiver for wireless configuration and remote control

Components of Digital Lighting Management integrated control system

Customizable buttons with LED status indicators

Plug n' Go automatic configuration and Push n' Learn for personalization

Yes

## Specifications

## General Info

Additional Information			
Product Height US	4.49 in		
Product Volume US	22.52 cu in	Product Depth US	2.24 in
Product Width US	2.0 in	Product Weight US	0.3 lb
Dimensions			
Number of Switches	8		
UPC Number	754182925605	Country Of Origin	China
Product Line	Wattstopper	Color	White

Security

Yes

RoHS Conformant

Product Environmental Profile	Yes		
Technical Information			
Number of Buttons	8	Amperage	5 mA
Indoor/Outdoor	Indoor
