

Wattstopper
120 Ohm MS/TP termination resistor, 10 pcs
Part No. LMTR-10PK

The LMTR-10PK is an accessory of the LMRJ series which provides package of ten 120Ω MS/TP termination resistors. LMRJ series couplers, splitters and other accessories connect Digital Lighting Management (DLM) components without the need for tools or point-to-point discrete wiring. Accessories use pre-terminated industry standard RJ45 connectors compatible with any RJ45 port on DLM components.

Features & Benefits

| | |
|--|--|
| Pre-terminated LMRJ cables for DLM local networks in lengths up to 100 feet | Cables and wire available in a choice of colors for use in exposed locations |
| Standard green color and markings for DLM provide easy identification of LMRJ cables in plenum | LMRJ cables available in plenum and non-plenum rating |
| Wattstopper LM-MSTP wire required for wired segment networks. This wire is not needed for wireless DLM networks using the wireless bridge (LMBC-600) | 5 year warranty |
