The P600 is designed for the international DIN rail mounting standard which is heavily adopted throughout Europe. It gives any room instant access to endless music options from networked collections or a variety of internet radio and streaming services - all from a single, intuitive app. The P600 supplies 2x20 watts of efficient Class D digital amplification for a single zone of powerful audio. The P600 is powered by the P601 DIN Rail Power Supply. The P601 is designed to power up to four P600 DIN Rail Players, making the system scalable and easy to expand in up to 16 zones. Check out the Player Portfolio mobile app.

**Features & Benefits**

- Designed specifically for the international DIN rail mounting standard
- Give any room endless music options with built-in access to networked audio content and streaming services: Spotify, Pandora, iHeartRadio, TuneIn, Napster, Deezer, and SiriusXM
- Convenient control is always at hand with intuitive Nuvo Player app for iOS and Android mobile devices
- Optional in-wall Keypads and Touch Screen provide a fixed-location control point
- Efficient Class D amplifiers provide 40 watts of power at 8 ohms to a single zone
- Seamless integration into advanced automation systems from KNX, Vantage, Control4, RTI, and more
- Remote network and device management when used with Domotz PRO* Streaming services subject to geographic availability. Service subscriptions may be required.

**Specifications**

**General Info**

- **UPC Number**: 701963860013
- **Hazardous Materials**: No
- **Color**: Cement
- **Countries Of Origin**: China
- **Product Line**: Nuvo
- **Application Sector**: Residential
- **Type**: DIN Rail Player

**Standard**

**Additional Information**

- **Prop 65 Warning Required**: No
- **Product Has Potential to Contribute to LEED**: No
