

Cablofil
4A-0460-ZN CABLE BRIDGE AL 6"W
Part No. P081970

"The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray."

Features & Benefits

Strong and easy to install aluminum construction

Specifications

General Info

Product Line	Cablofil	Finish	Aluminum
--------------	----------	--------	----------

Country Of Origin	Mexico
-------------------	--------

Dimensions

Product Width US	7.75 in	Product Weight US	2.12 lb
------------------	---------	-------------------	---------

Product Volume US	0.247 cu ft	Product Depth US	20.0 in
-------------------	-------------	------------------	---------

Product Height US	2.75 in
-------------------	---------
