

Cablofil Vertical Outside 60 Elbow

Part No. P302979

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits			
Includes splices and hardwa	are		
Specifications			
General Info			
Product Line	Cablofil	Finish	AL
UPC Number	800388088450	Country Of Origin	Mexico
Dimensions			
Product Width US	25.5 in	Product Weight US	9.084 lb
Product Volume US	7.953 cu ft	Product Depth US	28.75 in
Product Height US	18.746 in
