

Cablofil
LD-7400-0724-12 FG LEFT HAND REDUCER 24/12W
Part No. P608290

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Pultruded from Glass Fiber Reinforced Fire Retardant Polyester Resin

Finish: Plain

Bottom: Ldr = 1" square tube rung

Tray Design: Tray construction and markings

Connectors: Supplied in pairs with hardware
