

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

- Closes gaps at cover joints.
- Notched for the tray side rail.
- No fasteners required.

Specifications

General Info

Product Line	Cablofil	Finish	Aluminum
UPC Number	800388530744	Country Of Origin	Mexico

Dimensions

Product Width US	21.25 in	Product Weight US	0.276 lb
