

Wiremold InteGreat<sup>TM</sup> A/V TABLE BOX WITH USB, FIELD WIRED, BLACK Part No. TB672AUBKF

InteGreat<sup>™</sup> A/V table boxes are an elegant solution for extending power, communication and A/V to the meeting presenter's point-ofuse. InteGreat<sup>™</sup> A/V table boxes provide the depth to mount devices, especially A/V devices, below the table top. It has attractive finishes that can match any room decor. Combine it with other InteGreat™ products for a comprehensive solution to managing and delivering power, communication and AV connectivity for conference rooms. This field wired version can be easily installed using MC type cable. The wiring compartment contains leads with easy to wire Wago® splicing connectors. Now available with two USB A charging ports.

## Features & Benefits

Attractive Design: InteGreat™ A/V Table Boxes have a brushed,

anodized cover available in either black or aluminum finishes, with Adjustability: The activation surface of the InteGreat™ A/V beveled edges and a ""soft-touch"" handle. The ""pocket"" door in Table Box can be adjusted down, in 1/2"" [12.7mm] the cover fully recesses into the box when open, giving access to increments, from 1"" to 4"" [25mm to 102mm] to allow connections without obstructing the work surface. A finishing plate the cover to close even when using large style hides hardware on the activation surface and allows for labeling of connectors. the AVIP plates.

Ease of Installation: Hole cuts are made easy with the included template. Simply configure your connectivity, set your activation height, place box in the cut out, and secure it below the table with the bracket and set screw. The cover flange allows for 1/4"" [6.4mm] of forgiveness in the cut out opening. InteGreat™ A/V Table connectors. Each box also has two 15 amp receptacles in Boxes have a 12' SJT cord for easy connection to the electrical infrastructure.

Multiple Connectivity Options: InteGreat™ A/V Table Boxes are supplied with a cable grommet kit that can accommodate up to eight pull out connections. Boxes can also accept up to five Wiremold AVIP, or Extron® MAAP the top compartment and one 15 amp receptacle on the

underside of the box.

USB Charging - InteGreat™ A/V Tables Boxes come standard with 2 USB-A Charging Ports, 3.1A shared.
