

## radiant Collection radiant® 15A Single Pole Switch, White, with Microban®

Part No. TM870WAMCC4

This switch features enduring Microban® antimicrobial technology that works to reduce the growth of bacteria, around the clock, for the lifespan of the product.

The perfect upgrade for your basic light switch, this Single-Pole Switch from the radiant® Collection provides on/off control of a light or fixture from a single location, while combining clean lines and smooth paddle action for a sophisticated touch.

Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

This product is not currently available for sale in Canada.

## Features & Benefits

Helps fight the growth of stain and odor-causing bacteria through the invisible and continuous product protection of Microban® antimicrobial technology

Replaces any standard switch with ease, in as little as 10 minutes.

Uses a paddle switch for smoother control with a low-profile aesthetic.

Features durable, high-impact resistant thermoplastic construction.

Designed to install easily with a narrower back body and captivated mounting screws.

Complete the look with a sleek, screwless radiant® Wall Plate (also available with Microban), and coordinate with other designer switches and outlets available from the radiant® Collection.
